Current rates for all services can be found on the Borough website at www.schuylkillhaven.org/utilities

ELECTRICITY - As an electric provider, the Borough belongs to a consortium that purchases power from AMP Ohio & Allegheny and provides it to its residents. The Borough owns, services, and maintains all electrical systems within the community.

WATER - The public water system is supplied from the Borough's Tumbling Run watershed, held in its two reservoirs, then cleaned and tested at its water treatment plant located near Pottsville. Water is distributed to residents, businesses, and fire safety systems of Schuylkill Haven, Cressona and parts of North Manheim Township.

SEWER - Sanitary sewer collection and treatment services are provided to residents and businesses within the Borough and to neighboring Municipal Authorities in North Manheim and Wayne Townships.
